- III. Definitions of Employees**
- IV. Recruitment**
- V. Employment**
- VI. Benefits**
- VII. Leaves**
- VIII. Pay Periods**
- IX. Institutional Policies**

The policies in this chapter supersede all previous versions, as well as all previous versions of other employee handbooks or agreements. This chapter's policies will be carried out according to procedures outlined in subsequent sections of the handbook or agreement which it introduces. For faculty members, this chapter introduces the Faculty Handbook; for exempt staff, the handbook for Administrators; for nonexempt the Linfield Employee Association Agreement. This chapter takes precedence if there is an express or implied conflict between a policy in this chapter and a policy imputed to another section in a Linfield employee handbook or agreement. This chapter, along with the handbook or agreement that follows, supersedes and controls over any expressed or implied representations and/or agreements made by persons employed by the college.

Neither this chapter nor the handbook or agreement contains the complete terms or conditions of any of the college's current benefits plans. Rather, this chapter is intended to provide general explanations. In all cases the plan documents and contracts will be the controlling documents for the benefits provided.

This chapter's policies and procedures are applicable to all categories of Linfield employees and may be updated or changed as deemed appropriate by the Board of Trustees, or as mandated by changes in state or federal laws. This chapter is not intended to, nor should it be construed to, create any contractual obligations. Linfield College reserves the right to delete or modify the policies in this chapter by due action of its Board of Trustees. With respect to those provisions of the bylaws delegating responsibility to the faculty and administration, the board will ensure an opportunity for discussion among all affected constituencies prior to adopting any change.

In 1858, the Oregon Territorial Legislature chartered The Baptist College at McMinnville. It later changed its name to McMinnville College, then in 1922 to Linfield College in memory of a Baptist minister whose widow, Frances Ross Linfield, gave a gift of property that secured the college's future. ### **IV. 3 Hiring Procedures for Administrative (Exempt) and Nonexempt Positions**

The President is responsible for hiring College Officers and other Administrators who report directly to the President. The Officers and Administrators, in turn, have the responsibility for hiring administrators in their respective departments.

Administrator and Nonexempt recruitment will be conducted in compliance with all federal and state guidelines.

1. Recruitment approval is obtained by the Vice President of affected division.
2. Position description is prepared or updated as necessary and provided to Human Resources.
3. A position announcement is created from a job description either by the hiring department or by the Office of Human Resources. An announcement for a new or vacant nonexempt or exempt position will be sent via e-mail, and posted on the college's web site. Advertisements are placed in local, regional, or national publications as appropriate. For more hiring information, visit the Human Resources page on the Linfield web site at: [Human Resources](#).
4. The department head forms a search committee that includes:
  - The department head (unless that is the position being filled)
  - One or two other employees of the department
  - One or two employees from outside the hiring department
  - One or two students, if appropriate
5. Based on the job position description the hiring manager prepares a list of job-related questions that will be asked in the interviews. A candidate rating form that corresponds to the questions is completed either during or after the interview by each committee member.
6. The search committee reviews all the applications and selects the most qualified applicants to be interviewed. The applicants are contacted to determine their continued interest in the job and to schedule an interview.
7. The interview schedule may include:
  - An open campus forum
  - Meetings with other members of the department or other members of the campus community.
  - A meeting with Human Resources staff for an explanation of employee benefits (finalists).
8. The search committee evaluates each interviewed candidate and makes hiring recommendation to the Manager.

10. Human Resources informs both applicants and interviewees that were not selected of the outcome.
11. All applicant files are forwarded to Human Resources for storage.

### **The Role of Human Resources**

Human Resources will coordinate with the Hiring Manager all steps in the recruitment process from notification of an opening to the successful candidates first day at work.

- Job Requisition creation and approval.
- Job Description is reviewed, updated and a market compensation analysis is conducted. All new hires are required to sign off on their job description when they receive their Offer Letter.
- Human Resources and the Hiring Manager will determine if the position will be posted internally only or advertised both within the College and externally.
- Human Resources and the Hiring Manager together will determine if the position is eligible for relocation.
- Human Resources will post the job announcement on the Linfield website and send an email notification campus-wide.
- In order to be considered for an open position, interested employees must complete the online application by the published deadline, and notify their manager/supervisor of their interest to apply for the internal opening.
- Linfield's job postings are pushed automatically to several job posting boards from the Linfield website.
- Phone Screening of candidates
- Reference Checking
- Offer Letter to include background check verification.
- Schedule New Hire & Benefits Orientation meetings.

### **The Role of the Hiring Manager**

Multiple stakeholders may be involved in a search, but there should be one "Hiring Manager", the primary decision-maker and supervisor of the new hire. In order for a hiring process to move smoothly, it is important that Human Resources and the Hiring Manager maintain frequent communication about the caliber of candidates and the status of the search.

### **Recruitment Procedures for Out of Area Candidates**

Paying for candidates to travel to campus may be an option and should be discussed with the Director of Human Resources. Before candidates travel to campus to interview, a full video conferencing interview must be conducted. All non-faculty candidate travel is coordinated and booked through the Human Resources Department. Candidates are reimbursed for Travel Expenses based on the following guidelines.

#### 1) Airfare & Hotel

Linfield Human Resources will make airline & hotel reservations on a candidate's behalf, Linfield is billed directly. Any incidental purchases are a candidate's responsibility.

If a candidate is required to stay overnight, Linfield will reimburse up to three meals per day after departure and during the stay, up to \$51 per day in-state. No reimbursement for alcoholic beverages.

#### 4) Rental Car (if flying)

If a candidate is flying and a rental car is required to reach Linfield, it will need to be booked with a personal (vs. Linfield) credit card. Linfield can reimburse candidates for up to \$75/day for compact or sub-compact rental car.

### **Relocation Assistance**

Relocation assistance may be available for some exempt-level positions. Human Resources can provide guidance about relocation eligibility and amount of assistance. If relocation is approved by Human Resources, it will be included in the official offer letter.

### **Relocation Payback Clause**

If an employee has received relocation assistance and chooses to leave Linfield for any reason within six (6) months of the hire date, 100% of the total relocation amount provided by the College must be paid back. If an employee chooses to leave Linfield for any reason between six (6) months and one (1) year of the hire date, 50% of the total relocation amount provided by the College must be paid back.

### **IV. 4 Background Investigations**

Background investigations are part of the employment screening process. Before the college fills a regular or temporary position, prospective employees will be asked to sign Consent for Background Check Form and instructed to submit their background information online to allow the investigation to be conducted. Also, current employees transferring into a position that has been identified as a sensitive position may be subject to further background investigation.

### **IV. 5 Immigration Certification I-9**

All newly hired employees are to present, within 3 days from date of hire, original documentation establishing their identity and employment authorization in compliance with United States immigration laws.

The college must document its compliance with the law through the use of an I-9 form. Verification and completion of the I-9 form is to take place after the individual is hired. If after the third day of employment, an employee is unable to produce verifying documents or provide proof of application for them, the law requires that the employee cease working until the documents are

available. If an employee fails to provide proper documentation, as specified above, he/she will be ineligible for actual, or continued, employment with the college.

#### **IV. 6 Social Media Access**

In accordance with Oregon's 2014 Social Media in the Workplace law, Linfield employees will not request that applicants or other employees provide access to personal social media accounts. Search committee members are not allowed to request applicant's access to personal media accounts in any manner, including to be added as a contact or friend.

#### **IV. 7 Hiring Student Employees**

The office supervisor lists the job announcement and description with the Office of Career Development on the McMinnville campus or on the Portland campus with the Office of Enrollment Services. Students interested in a job may obtain an employment referral form from the Office of Human Resources indicating the number of hours they are eligible to work, and take it to the prospective supervisor. The supervisor will complete the form and the student will return it to the Office of Human Resources (McMinnville campus) or the Office of Enrollment Services (Portland campus). The supervisor must indicate on the form the hourly rate (which is generally Oregon's minimum wage), department to be charged, and job title. The supervisor will receive a copy via email of the form indicating the completion of the employment procedure. This form must be completed before student begins office work.

#### **IV. 8 Hiring Temporary Employees**

The department requiring a temporary non-student employee must complete a Requisition for a Temporary Employee form, and submit to the Office of Human Resources with the proper approvals. The employee must report to the Office of Human Resources on their first day of work to complete all necessary hiring paperwork.

### **V. EMPLOYMENT**

#### **V. 1 Hours of Work**

The business hours for Linfield College administrative offices are 8:00 a.m. to 5:00 p.m., Monday through Friday. Some individual department may operate on alternative schedules based on the nature of the services provided. Work schedules within the Sunday through Saturday workweek are determined by the nature of an employee's job in relation to the department's operational requirements.

#### **V. 2 Personnel Files**

All employees of Linfield College will have a personnel file created as a part of the new-hire process. Personnel files will be maintained in the Office of Human Resources. Faculty members will have an evaluation file retained in the Office of Academic Affairs. All personnel files will be locked during non-business hours. Employees have the right, under procedures established by the Office of Human Resources and Office of Academic Affairs to review the contents of their personnel file and make copies of documents therein.

### **V. 3 Performance Management**

Exempt and nonexempt employees are evaluated annually through the Performance Management process. The annual performance evaluation process is an important part of the on-going communications between managers and employees. The process is based on an employee's job description and evaluates the competencies and skills needed to successfully perform within the job description of the position. The performance management process should be viewed as an opportunity to reflect, to listen, and to be heard. The annual review should not be considered the only opportunity to provide feedback. Feedback between the employee and their manager should be continuous throughout the year.

### **V. 4 Job Descriptions**

A job description reflects the expectations, responsibilities, qualifications, and job-specific competencies of a position. Job descriptions are used in the recruitment process as well as during the annual performance evaluation process. Job descriptions are not static and require updating based on changing needs of the college. Job descriptions should always reflect actual functions being performed. At the time of hire, during the performance evaluation process or whenever it becomes necessary for a job description to be revised, the employee will always be asked to sign the new job description so they are aware of the expectations of their position. The signed job description is kept in the employees' personnel file.

### **V. 5 Position Reclassifications**

A request for reclassification of a position can be submitted for review and consideration each spring when there have been substantial and permanent changes in job duties, job complexity and/or knowledge and skills required. Changes to a position can occur naturally over a period or as the result of organizational changes. A classification change is approved only to recognize significant and permanent changes in assignments. Typically, this means that 30% or more of the duties have changed. An employee must also meet the minimum qualification standards of any new classification. Employees with at least 6 months of continuous employment in their current position who believe their duties and responsibilities have substantially changed should discuss changes with their manager/supervisor. Reclassification requests, with manager/supervisor approval are submitted to HR annually and become effective on July 1<sup>st</sup>. Human Resources notifies Employee and Manager of approval or denial of reclassification request. The employee and their supervisor will complete the employee's annual performance evaluation form based on the employee's current position for the review period being evaluated.

### **V. 6 Break in Service**

Employees who separate from employment and are subsequently re-hired within six months of their termination date will not be considered to have a for the purpose of PTO accrual. Eligibility requirements for other Linfield benefits will follow the guidelines based on each benefit the employee is entitled to receive. Employees who separate and are re-hired after six months of their termination date will be considered new employees and will be required to serve the introductory period and any applicable waiting periods in order to receive benefits.

A temporary status Linfield employee (not a temporary agency employee), who is subsequently hired to a position as a regular employee and did not have a break of more than one year in temporary employment with the college, will be granted continuous service credit from the

date he/she originally started working in the temporary position. The employee will be credited time toward the College retirement contribution, and the PTO service waiting periods. Any sick leave balance will be transferred to start a new PTO balance. The new PTO accrual will begin as of the regular status hire date.

#### **V. 7 Employment of Spouses and Family**

The employment of relatives of current employees of the college is permitted. For purposes of definition, “family” means spouse, mother, father, mother-in-law, father-in-law, son, daughter, brother, sister, son-in-law, daughter-in-law, aunt, uncle, grandparent, or grandchild, whether by blood, marriage or domestic partnership. However, a supervisory, appointive, or grievance adjustment authority relationship cannot exist between the two related employees. For further clarification, please contact the Office of Human Resources.

#### **V. 8 Reference Checks on Former Linfield College Employees**

Employees of the college might inadvertently put themselves and the college at risk by passing along information about a former coworker. If an exempt or nonexempt employee’s supervisor, department head, or coworker is contacted regarding a former employee’s performance or employment record, the supervisor, department head, or coworker, must consult with the Director of Human Resources prior to responding to the reference inquiry. Faculty members consult with the Dean of Faculty.

#### **Nonexempt Employees**

#### **V. 9 Nonexempt Employee Travel Time**

Nonexempt employees who are required to travel on college business are compensated for actual travel time, according to state wage and hour laws. See OAR 839-020-0045.

For further clarification, contact the Office of Human Resources.

#### **V. 10 Nonexempt Employees’ Meal Periods**

All nonexempt employees who work a normal eight-hour (8) day have one (1) unpaid hour for a meal break, which is scheduled by the individual department supervisor.

For work periods of at least 6 hours but less than 7 hours, the meal period is taken between the 2<sup>nd</sup> and 5<sup>th</sup> hour worked. If the work period is more than 7 hours, the meal period must be taken between the 3<sup>rd</sup> and 6<sup>th</sup> hour worked.

If a nonexempt employee is required or asked to perform work tasks during their meal period, then the employee is paid for the meal period and the time is recorded on the time card. If an employee is required to work during the normal meal period, a supervisor may adjust the employee’s work schedule to meet allocated labor hours and not incur overtime.

#### **V. 11 Nonexempt Employees Rest Periods**

Nonexempt employees working an 8-hour shift are to take one 15 minute paid rest period in the first half of the shift and one in the second half of the shift. Rest periods are scheduled at a time agreeable with the employee and the supervisor. Rest periods are paid and are to be taken in

addition to and separately from the time allowed for meal breaks. Rest periods are not to be saved and used to leave early or arrive late.

#### **V. 12 Rest Period to Express Breast Milk**

Nursing mothers are provided an unpaid 30-minute rest break to express breast milk in a private location during each 4-hour work period, or major part of a 4-hour work period. This rest period is to be taken by the employee approximately in the middle of the work period. If feasible, the employee may take the rest period to express milk during a regularly scheduled rest period or meal period. (Note: rest periods are paid as provided in V.8, above). An employee must provide reasonable notice to her supervisor or the Director of Human Resources that she intends to express milk upon her return to work from pregnancy/parental leave.

#### **V. 13 Employee Standards of Performance and Corrective Action**

Corrective action counseling is for the purpose of assisting the employee in understanding what performance standards are not being met and determining how the employee can improve his/her performance. The goal is to ensure that reasonable steps are taken to help the employee correct a work-related performance problem, providing the employee the opportunity to succeed.

The college will follow progressive corrective action according to procedures, if any, specified in the relevant handbooks or agreements. In the absence of applicable progressive corrective action procedures, the college will act according to its own discretion. Corrective action may include oral and written counseling which is appropriate to address rule violations, or job performance issues, or to implement a suspension.

The following examples are not intended to be all-inclusive standards and the college reserves the right, in its own discretion, to determine whether other conduct should be cause for discipline or discharge, following procedures established in other handbooks or agreements currently in effect:

- Irregular attendance, unreliability, or excessive tardiness.
- Job abandonment or unavailability for work without an approved leave of absence, or failure to report to work for 3 consecutive days.
- Obstruction or disruption of teaching, research, administration, or college-sponsored activities by force of violence, or threat of violence.
- Physical abuse or the threat of abuse to another member of the college or guest at a college event.
- The willful commission of any acts which is a crime under the laws of the State of Oregon or the United States and which results in a criminal charge and conviction in any court of competent jurisdiction.
- Theft or embezzlement or acting as an accessory to embezzlement of property, information or money.
- Violation of safety regulations or in any way jeopardizing the health or safety of college employees, students, or oneself.
- Falsification of employment application or any college record.

- Removal of equipment or materials that belong to the college or a coworker, without prior authorization.
- Reporting to work under the influence of, or impaired by alcohol or drugs, unauthorized use of alcohol or drugs at work, illegal possession of drugs or distribution of illegal drugs or violation of the college's alcohol/drug policy.
- Acts of discrimination or harassment.

Acts in violation of established policies or procedures.

## VI. **BENEFITS**

### VI. 1 **Mandatory Benefits**

#### **A. Workers Compensation**

All job-related injuries or illnesses must be reported immediately to the employee's supervisor and the Director of Environmental Health & Safety. Depending upon the severity of the injury, 911 or medical help will be called or first aid applied. The failure to report an injury could result in the claim being delayed or denied. College Public Safety or the Director of Environmental Health & Safety will investigate the accident and complete an incident report.

In the event an employee is injured in an on-the-job accident, the following steps are to be followed:

1. If professional medical treatment is required, the employee must fill out an Employer's Report of Occupational Injury Illness Form 801 **within 24 hours of the injury and return the form to the Office of Human Resources**. The Form 801 is available through the Office of Human Resources or the Facilities and Auxiliaries Services office.
2. An injured employee who is off work recovering must stay in contact with his/her supervisor and provide updates on his/her health status and provide an estimated date of return to work.

Linfield College provides employees who are injured on-the-job the opportunity to participate in an early return-to-work program. Early return to work is coordinated with the Office of Human Resources, the employee's doctor, and the college's worker's compensation insurance carrier.

#### **B. Social Security (FICA)**

In accordance with federal law, the college and employee contributes a percentage of an employee's gross wages to Social Security based on federal guidelines. The percent is determined by the federal government and is subject to change.

#### **C. Unemployment Insurance**

The college has established a reserve account and reimburses the State Employment Division for unemployment benefits paid to former employees in accordance with the unemployment laws of the State of Oregon.

#### **D. COBRA (Consolidated Omnibus Budget Reconciliation Act)**

COBRA requires that employer group health plans allow people whose insurance coverage would ordinarily end under their group plan to continue coverage under the plan for certain qualifying events. The employee and/or dependents pay the full premium amount and any additional administrative fees for the continued coverage.

##### **COBRA Qualifying Events:**

An insured employee and their spouse, domestic partner, or dependent child(ren) may continue insurance coverage because of one of the following events:

- Termination of employment for any reason other than “gross misconduct”; or
- Reduction in hours of work

Additionally, a spouse, domestic partner, or dependent child(ren) of the insured employee may have rights to continue insurance coverage because of one of the following events:

- Divorce or legal separation
- Death of the covered employee or the covered retiree
- The employee or retired employee becomes covered under Medicare
- Loss of dependent child status under the terms of the plan

In these circumstances, it is the employee’s responsibility to notify the college when his/her spouse, domestic partner, or dependent child is no longer eligible for benefits under the college plan.

##### **Portability Coverage:**

Portability means that an employee with at least 180 days of continuous group health insurance may continue his/her health insurance coverage by enrolling in an individual policy offered through the current health insurance carrier. The employee will be notified by the health insurance carrier on how to convert to an individual plan.

Because this is an important ingredient in the college's educational mission and because it is recognized that staff and faculty contribute to the education of students at all points of contact, staff and faculty and their family members are encouraged to attend cultural, educational and athletic events sponsored by the college. Many events are open to members of the college community free of charge. A Linfield identification card is used for access to Linfield athletic events, recreational use of the athletic complex, library services and discounts at the bookstore.

#### **F. Retirement Reception Recognition**

After five years or more of employment, newly retired employees are eligible to participate in the annual retirement reception, customarily held in May each year.

### **VII. LEAVES**

#### **VII. 1 Linfield College Leave Policy**

##### **Purpose**

Linfield College provides a broad range of employee benefits to promote the health and general wellbeing of its workforce, including leave benefits so employees may take days off from work to address their own or family members' health needs, take care of personal matters, or enjoy a restful vacation.

This policy complies with Oregon Senate Bill 454 (Chapter 537, 2015 Laws).

##### **Personal Time Off (PTO) Leave for Benefits Eligible (.5 FTE and greater Exempt and Nonexempt) Employees**

Newly hired PTO eligible exempt and nonexempt employees will begin accruing PTO from date of hire, but will not be able to use this benefit during the first 90 days of employment.

Exempt and nonexempt employees hired between the 1<sup>st</sup> and the 15<sup>th</sup> of the month will accrue a full monthly PTO accrual. If hired after the 15<sup>th</sup> of the month, PTO will accrue at half of the monthly PTO accrual rate.

Exempt and nonexempt employees may carry forward up to 120 hours of PTO into the new year that begins on July 1. When scheduling your time-off through June 30<sup>th</sup>, please be sure to include your hours accrued for the month of June in your calculation to ensure the balance on June 30 does not exceed 120 hours. Hours above 120 will be forfeited on July 1<sup>st</sup>. (the calculation for June will be indicated on the July 5<sup>th</sup> paystub)

Example: On your June 5<sup>th</sup> paycheck, your PTO balance is 110 hours. You accrue 18.66 hours per month, which means your balance on June 30<sup>th</sup> will be 128.66. You will need to schedule 8.66 hours off for the month of June to avoid forfeiting any PTO hours.

Effective July 1, 2019, exempt and nonexempt employees the number of PTO hours eligible for roll-over is also subject to pro-ration based on the employee's FTE. For example, employees scheduled to work half time (.50 FTE) may carry forward up to 60 hours of PTO.

To help avoid losing accrued PTO, employees should plan their use of paid leave and request time off well in advance. Fostering an environment of cooperation and mutual respect, employees will consider departmental needs when requesting time off, and supervisors will attempt to accommodate requests.

Employees must inform their supervisor and follow departmental procedures when requesting PTO for vacation and/or personal time off. Whenever possible, PTO must be scheduled in advance for time off for vacations, personal leave appointments or other foreseeable reasons. Employees have the sole responsibility to manage their use of PTO time to ensure that they have a balance to use for any scheduled and unscheduled absences. It is prudent to maintain a balance of PTO so you have the ability to cover unforeseen absences. Use of PTO is subject to Manager approval, department staffing needs, and established departmental procedures. Excessive unscheduled absences will be monitored and may be seen as an attendance issue and may subject the employee to disciplinary procedures. An employee may be counseled when the frequency of unscheduled absences adversely affects the operations of the department. The Manager may request that the employee provide a statement from his or her health care provider concerning the justification for an unscheduled absence. \* see Required Documentation and Notice for Medical Reasons on page 28.

All PTO (vacation, sick and personal time off) must be requested and recorded in the payroll time keeping system for supervisor approval. PTO balances will be reflected in the Human Resource Information System and employees may access on their self-service portal. PTO cannot be used when an employee is on Short Term Disability or Worker's Compensation.

Employees may request through their supervisor for unpaid time off, however, employees are required to exhaust their available PTO prior to requesting unpaid leave. Such time off may be granted depending upon the department's staffing needs. An employee on unpaid time off for more than one calendar month must make arrangements at his/her expense to pay the total monthly health insurance premium, unless the leave is requested by the college for its convenience, budgetary reasons, or other laws required to the contrary. Human Resources must be notified in writing indicating the employee's name and dates off without pay, and supervisor's signature of approval. Excessive unapproved unpaid days off may be seen as an attendance issue and may subject the employee to disciplinary procedures.

Employees are required to use available PTO when taking time off from work with the exception of an officially declared college closure. Employees may not borrow against their PTO banks;

therefore, an employee cannot go into negative PTO status. PTO time may not be cashed out, except upon termination.

Upon termination, if an exempt or nonexempt employee leaves between the 1<sup>st</sup> and the 15<sup>th</sup> of the month, PTO will accrue at half of the monthly PTO accrual rate. If a nonexempt employee leaves between the 16<sup>th</sup> and the last day of the month, they will receive a full monthly PTO accrual.

Upon termination, effective July 1, 2019, a maximum of 120 hours of accrued unused PTO will be cashed out at the employee's regular hourly rate, with any balance above 120 hours forfeited.

### **Qualifying Absences for PTO**

PTO may be used for the following reasons:

- Vacation time.
- Personal time off.
- For an employee's mental or physical illness, injury or health condition, need for medical diagnosis, care or treatment of a mental or physical illness, injury or health condition or need for preventative medical care.

- For any purpose allowed under Oregon's domestic violence, harassment, sexual assault or stalking laws for the health and safety for the employee and the employee's minor child or dependent.
- To recover from or seek treatment for a serious health condition that renders the employee unable to perform at least one of the essential functions of the employee's job.
- In the event of the death of a family member, to attend the funeral or alternative, making arrangements necessitated by the death of a family member, or grieving the death of a family member.
- In the event of a public health emergency or closure of the employee's child's school or daycare by order of a public official due to a public health emergency, to provide self-service or care for a family member if the presence of the employee or family member in the community would jeopardize the health of the others as determined by a public health authority or by a health care provider, or if the employee is excluded from work by law due to health reasons.

## Required Documentation and Notice for Medical Reasons

When the need to use sick leave is unplanned, all employees should follow departmental procedures and notify their supervisor of the need for leave before the start of the scheduled work shift. When an employee is absent for **more** than three consecutive scheduled workdays, independent documentation verifying the illness is required. Such absences may trigger the use of leave under the Family Medical Leave Act (FMLA), Oregon Family Leave Act (OFLA), or Short Term Disability (STD), and the employee must contact the Human Resources Office.

For a planned medical leave, all employees should use best efforts to notify their supervisor of their absence as soon as practical. Employees should make a reasonable attempt to schedule their absence in a manner that does not unduly disrupt operations; including attempting to avoid scheduling during peak work hours or when work is time-sensitive. Such absences may trigger the use of leave under the Family Medical Leave Act (FMLA), Oregon Family Leave Act (OFLA), or Short Term Disability (STD), and the employee must contact the Human Resources Office.

For Linfield Employee Association (LEA) employees, Linfield provides PTO Leave that shall be used, to report vacation, sick, and personal time off.

Under the Oregon Family Leave Act (OFLA), employees must have been employed by the College for 180 calendar days for an average of 25 actual hours worked per week. The number of days an employee is maintained on the payroll includes all paid and unpaid time. All "time worked" at the college will be counted toward the employee's eligibility requirements. OFLA is tracked on a calendar year.

An employee taking leave to care for a newborn, adopted or newly placed foster child must only meet the 180-day employment requirement, regardless of the number of hours worked.

### **Pay During Family Medical Leave**

**Exempt, Nonexempt, Faculty** - Generally, statutory leave is unpaid. Employees are required to use all available accrued paid time off (PTO) for an FMLA qualifying event. In the case of an employee's own serious medical reason, if they become eligible for short-term disability payments, Linfield will pay the employee until they become eligible on day 31, and the exempt and nonexempt employee will not be required to use PTO during that time period.

## Qualifying Purposes

An employee may request family or medical leave for the following reasons only:

- A serious health condition that prevents the employee from performing his/her job;
- The addition of a child to the family through birth, adoption, or placement by foster care, also known as *parental leave*;
- A serious health condition of the employee's family member, which includes spouse, domestic partner custodial parent, non-custodial parent, adoptive parent, foster parent, biological parent, parent-in-law, parent of same-gender domestic partner, grandparent or grandchild of the employee, or a person with whom the employee is or was in a relationship of in loco parentis. It also includes the biological, adopted, foster or stepchild of an employee or the child of an employee's domestic partner;
- To care for a child with an illness which requires home care, but is not a serious health condition;
- Exigent circumstances arising out of a qualified family member's call to active duty or current active duty in the armed forces; or,
- To care for a qualified family member who is recovering from an injury or illness as a result of their service in the Armed Forces.
- Under OFLA (Oregon Family Leave Act), to attend the funeral of a family member, to make arrangements and to grieve the death of a family member.
- Under OFLA, (Oregon Family Leave Act), pregnancy disability leave.

## Maximum Duration of Leave

Generally, eligible employees may take up to 12 weeks of statutory leave in a 12-month period. Additional leave may be available for specific statutorily authorized reasons. Intermittent or reduced schedule leave is available under certain circumstances. Leave to care for an ill or injured family service member can be extended up to 26 weeks in a 12-month period. Under OFLA, bereavement leave may be taken up to 2 weeks per bereavement event. The bereavement leave is counted against your OFLA entitlement.

When leave is taken for a condition which qualifies under more than one statutory leave law, statutory entitlements will be credited concurrently.

## General Provisions

A. Notice to employer - Generally, employees are required to give the college 30 days' notice of their need for leave when it is foreseeable. If the reason for the leave is unforeseeable, employees must provide reasonable advance notice of the need for statutory leave. In an emergency situation, the OFLA provides that employees must give verbal notice within 24 hours of starting a leave, followed by written notice within 3 days after return to work. Leave may be delayed or reduced if proper notice is not given. Employees must make a reasonable effort to schedule treatment for serious health conditions in a manner that does not unduly disrupt their department's operation.

B. Calculation period - The leave is calculated on a calendar year. Leave under OFLA runs concurrently with leave under FMLA in most circumstances.

C. Medical Certification - The College may require a medical certification of the condition necessitating leave. The employee will be required to provide the certification in a timely manner.

Under Oregon law, employees who use sick child leave on more than three (3) occasions in a 12-month period may be required to provide medical documentation from the child's doctor to verify that the child was ill and required home care for all subsequent uses of sick child leave in the 12-month period.

As provided by law, Linfield will request subsequent medical verification, but no more often than every 30 days and only in connection with absences by the employee where:

- 1) Circumstances described by the previous medical verification have changed significantly; or
- 2) Linfield receives information causing doubt upon the employee's stated reason for absence.

The College also reserves the right to require certification from a second or third health care provider, at the College's expense.

Employees requesting leave due to exigencies arising out of a covered family member's active duty or call to active duty must provide proof of the qualifying family member's call up or active service before leave is granted.

When returning from leave, the employee will be required to present certification to the Office of Human Resources from a health care provider that he/she is fit to return to work or of any restrictions on the employee's ability to safely perform the essential functions of the job.

D. Intermittent or reduced schedule leave - Generally, intermittent or reduced schedule leave is not available for family leave used for birth, adoption or foster placement. In other situations, where intermittent or reduced schedule leave is available, employees may be

temporarily transferred to available alternative positions that better accommodate intermittent or reduced schedule leave.

E. Reinstatement - An employee returning from OFLA or FMLA will be restored to their former position if the job still exists, even if it has been filled during the employee's leave. The former position is the position held by the employee at the time leave began, regardless of whether the job has been renamed or reclassified. If the employee's position has been eliminated for a business reason, the employee may be restored to an available, equivalent position. An equivalent position is a position that is the same as the former

position in as many aspects as possible.

F. Return to Work - Employees are expected to return to work on the date specified at the time of the request for leave. Employees are required to provide a note from their physician indicating their ability to return to work with or without restriction. If an employee fails to report to work as scheduled and has not received approval for an extension of leave by the Director of Human Resources, he/she will be considered to have voluntarily quit. Notification of availability to return to work prior to the planned return date should be made to the supervisor or Director of Human Resources within two days prior to the expected time of return.

G. Continuation of Benefits - Employees on leave are entitled to continue health benefits on the same terms and conditions as active employees for up to 12 weeks in a leave calculation year. The college will recover premiums paid on behalf of an employee who does not return to work for reasons other than a serious health condition of the employee or family member or other circumstances beyond the control of the employee.

H. Call-In - The College requires employees on statutory leave to call-in. If an employee is away from work because of an on-the-job injury or other medical leave he/she must call in based on the schedule designated by the employee's supervisor to report the employee's status, any changes in the condition, and, to receive any necessary information associated with the employee's job. Failure to call in may be grounds for discharge.

## **VII. 7 Domestic Violence Leave**

The college makes available domestic violence leave, as prescribed by state law, to obtain services or treatment relating to domestic violence, sexual assault or stalking of the employee, the employee's minor child or one of the employee's dependents. Purposes for this leave include obtaining medical care, counseling, advice from legal counsel, law enforcement assistance, or other steps to help better ensure the employee's health and safety.

Employees who are members of the military reserve or National Guard will be granted a leave of absence without pay for their mandatory training, or for any of the following reasons:

- Active military duty, active duty for training, initial active duty training, inactive duty training, fulltime National Guard Duty, or fitness for duty examination.
- Employees must provide their supervisor with the Notice to Service documents, which will be forwarded to Human Resources to be retained in the employee's personnel file. Employees on military leave will be entitled to the following benefits:
  - The use of earned personal/vacation pay for part or all of the leave period; and
  - If the leave is longer than one month, the right to continue health coverage by payment of premiums at no more than 100% of the premium (COBRA).

Employees on military leave, will be reinstated to his/her position, provided their service does not exceed five years and provided they are discharged under honorable conditions. Reinstatement is to the job the employee had, or an equivalent position or another position depending on the employee's length of service and qualifications. Reinstatement is with the benefit level the employee would have had if continuously employed with no break in service.

An employee may be required to provide documents to verify his/her rights to reinstatement, including military separation papers. An employee, who fails to report to work when discharged from the military, will be considered to have voluntarily resigned.

**Please contact the Human Resources office for leave request forms and/or further clarification of the policy and procedures.**

**VII. 9 Personal Leave of Absence for Staff**

A staff employee may request a personal leave of absence without pay for personal reasons. The Divisional Vice President will review the supervisor's recommendation and determine if approved

Any and all complaints or allegations of harassment, including sexual harassment, will be investigated promptly. Appropriate, corrective action will be implemented based upon the results of the investigation in the event harassment is in violation of this policy and is found to have taken place.

As a college that prides itself on fostering academic freedom, including freedom of speech and freedom of conscience, Linfield especially recognizes these values insofar as the classroom and learning environment is concerned. Faculty members and students should refer to the section “Anti-harassment Protection and Academic Freedom” in the Faculty Handbook for consideration of the importance of academic freedom, freedom of speech, and freedom of conscience.

#### **Definitions of Harassment and Sexual Harassment**

Harassment is verbal or physical conduct that demeans or shows hostility, or aversion, toward an individual because of his/her race, color, religion, gender, national origin, age, sexual orientation, gender identity, or disability, or that of his/her relatives, friends, or associates that:

- Has the purpose or effect of creating an intimidating, hostile, or offensive working environment; or
- Has the purpose or effect of unreasonably interfering with an individual’s work performance; or
- Otherwise adversely affects an individual’s employment opportunity.

Harassing conduct includes, but is not limited to the following:

### **Counseling**

The college recognizes that employees may wish to seek counseling and discuss circumstances relating to possible harassment without initiating a complaint. Under these circumstances, employees may contact the college's 24-hour Employee Assistance Program benefit at: **1-800-356-7089**

**State-licensed counselors and the college chaplain are immune from being compelled to divulge confidences. Any communication with a state-licensed counselor or the college chaplain, in their roles as counselor or chaplain, is not a complaint to the college and will remain confidential and will not result in an investigation.**

### **Reporting a Complaint**

If an individual believes he or she is the victim of harassment or sexual harassment or retaliation, he or she is encouraged to report the complaint immediately. The college has designated the Director of Human Resources to receive all employee complaints, **verbal** or **written**, of harassment.

An alternate choice for reporting a complaint directly to the Director of Human Resources is to contact the Dean of Faculty, Dean of Students, or a Department Director who will inform the director of human resources. Once the college has knowledge of the complaint, the college is obligated to investigate the allegation.

Employees who become aware of potential harassment of others, which may be in violation of this policy, are encouraged to report such conduct. Supervisors have an obligation immediately to report any potential instances of harassment involving employees or others to the director of human resources.

### **Investigative Procedures**

1. The Director of Human Resources is responsible for documenting the complaint and determining, with consultation, as he/she deems appropriate, who will conduct the investigation. In the event the harassment allegations personally involve the director of human resources, the college will designate an alternate investigator.
2. The Director of Human Resources or other designated investigator will provide both parties the opportunity to present their side of the incident. The investigation will include separate interviews with the complainant, the accused, and any other relevant witnesses as appropriate under the circumstances. The Director of Human Resources may consult with the Vice President in charge of the accused employee's division to review the kinds of questions for both the accused and the complainant that might be specific to the circumstances of that division.
3. The Director of Human Resources or other designated investigator will consult with the Vice President (or designee) in charge of the accused employee's division prior to any corrective action against the accused. Corrective action if any, against the accused will be determined based on the seriousness of the offense, the employee's prior history and other relevant circumstances.
4. Upon resolution of the investigation, investigative reports, notes, evidence, and records will be maintained within the Office of Human Resources. Files not substantiated by an investigation will be maintained in a separate general investigation file, kept under lock and key, and no record will be included in the accused employee's personnel file unless later established as relevant to subsequent substantiated charges of harassment or retaliation. Documentation regarding disciplinary action taken as a result of a substantiated harassment complaint will be maintained in the employee's personnel file.

**Corrective Action**

Appropriate corrective action will be initiated whenever the evidence warrants it. Violation of Linfield College’s anti-harassment or sexual harassment policy will subject an employee to discipline up to and including termination of employment.

### **Corrective Action**

Violation of Linfield College's drug and alcohol policy will subject an employee to disciplinary action up to and including termination, following procedures specified in the relevant handbook or agreement for corrective action. Employees with substance abuse problems can voluntarily participate in a rehabilitation treatment program. The college provides a confidential Employee Assistance Program, which can refer employees for treatment. In addition, the treatment for alcohol or chemical dependency may be covered under the employee's health insurance plan. The College encourages students and employees who use illegal drugs or who abuse alcohol to seek appropriate assistance.

### **IX. 3 Violence in the Work Place**

The college prohibits any acts or threats of violence by employees, former employees, students, former students, or any individual coming onto college property or attending college-sponsored functions or activities.

The college is committed to providing a safe and healthy work and academic environment. To this end, the college has established a college safety and security program. The college will take **immediate action** when an employee or student displays or threatens violent behavior, or when obscene, abusive, or threatening gestures or words are used, or a weapon or firearm is displayed. **Immediate action** includes College Public Safety, notifying the police, enforcing restraining orders and/or prosecuting violators.

All employees and students have a **duty to warn** the college of any suspicious or questionable behavior or activities. Suspicious or questionable behavior may include threats of violence, aggressive behavior and intimidating conduct. An individual who comes forward to report or complain of a violent or potentially violent person will be protected from retaliation.

### **IX. 4 Weapons Policy**

In keeping with its mission, Linfield College wants to provide a safe environment to foster excellence in learning for students and work performance for employees. Therefore, the possession or use of any firearm or other weapon (including but not limited to those listed below) is prohibited on any College property, in any vehicle on a College property, and at any College sponsored event at any location. This policy also applies to anyone possessing a valid permit to carry a concealed weapon.

Authorized law enforcement officials, in the performance of their duties, are exempt from this policy. Off duty law enforcement officials are required to notify Linfield College Public Safety if they are carrying a concealed weapon while not on duty.

Prohibited weapons include: ammunition; explosives in any form; propellant guns of any kind, including bb guns, pellet guns, Air Soft guns, paint ball guns, 'potato guns' and others; knives

Any Linfield employee who violates this policy is subject to disciplinary action up to and including termination of employment.

Visitors or other persons found in possession of a prohibited weapon will be asked to leave campus (or college sponsored event) and not to return with the prohibited object. In some instances, such person(s) may be directed not to return to campus under any circumstance. Failure to comply with this policy will result in Linfield College engaging the assistance of local police authorities.

## **IX. 5 Conflict of Interest**

### **General Statement**

The college believes that full disclosure is an important key in preventing conflicts of interest. The person who articulates the extent and nature of an actual or potential conflict will often be the first to recognize and to take steps to avoid it.

It is the policy of the college to ascertain and deal with situations in which the personal financial interests of individuals may be in conflict with the interest of the college. Therefore, the college requires disclosure when an actual or potential conflict of interest may be present.

It is expected the decisions of the trustees, the officers of the college, members of the faculty, administration and staff (hereafter *members*) will be guided by a desire to promote the best interests of the college and the public good with the understanding that the college's financial integrity is to be protected and advanced at all times.

The policy affirms this expectation that all members of the college community will conduct themselves, when representing the financial interests of the college, in an ethical manner in both internal and external relationships between and among members and in relationship with governmental agencies, vendors, and the general public.

Potential conflicts of interest and/or conflict of interest transactions do not constitute a violation of this policy if full disclosure is provided in advance and meets the requirements of Section IX.5 and the transaction or arrangement is approved in the manner provided in Section IX.5 A of this policy. If the transaction or arrangement is found not to be in the best interest of the college as provided in Section IX.5 A hereof, the transaction or arrangement will not be approved.

This policy provides definition and examples of conflicts of interest. It sets forth procedures to be followed in disclosing potential and actual conflicts of interest and a process for their disposition. Since the appearance of a conflict of interest can be as important and damaging as the reality, this policy will aid members in identifying, evaluating, correcting and avoiding potential and actual conflicts of interest.

### **Definitions**

1. Conflict of Interest Transaction. A conflict of interest transaction is a transaction with the college in which a member of the college has a direct or indirect interest.
2. Potential Conflict of Interest. A potential conflict of interest exists when a member has the ability to influence the college's business, administrative, academic or other decisions in ways that could lead to personal financial gain or advantage or to the gain or advantage of the member's immediate family.
3. Indirect Interest. For the purposes of this policy, a member has an indirect interest in a transaction if:
  - a. Another entity in which the member has a material interest or in which the member is a general partner, is a party to the transaction; or
  - b. Another entity of which the member is a director, officer or trustee is a party to the transaction, and the transaction is or should be considered by the board of trustees of the college.
4. Immediate Family. Immediate family is defined as the member's spouse, children of the member and of the member's spouse, brothers, sisters and parents of the member and the member's spouse, relatives living in the household of an immediate family member.
5. Incidental Income. Incidental income is less than \$500 per year.
6. Material Interest. Material interest is an ownership interest of five percent or more.
7. Substantial Gift. A substantial gift is one involving cash, services or accommodations of \$50 or more in any one event.

### **General Considerations**

1. Members and/or their immediate families involved in business ventures as owner, holder of a Material Interest, operator, and officer of member of the Board of Trustees must be alert to the possibility that a conflict may arise if a business relationship is proposed with the college.
2. If the entity does or potentially may do business with the college, and a member and/or his/her immediate family has a material interest, the member is expected to disclose the relationship. Generally, there will be no actual conflict of interest if the member and/or his/her immediate family are not in a position to influence the college with respect to the potential business.
3. A member and his/her immediate family may not review, approve, or administratively control a transaction or arrangement: (a) when the transaction or arrangement is between the college and an entity in which the member and his or her immediate family has a material interest; (b) when the transaction or arrangement is with the member or member's immediate family; (c) when a member or his/her immediate

family member is a director, officer, or employee of the entity and is directly involved with the transaction or arrangement, or (d) has a material interest in the entity.

Members from entities, with which the college does or is, considering doing business, may accept no substantial gifts or accommodations of any kind.

### **Potential Conflicts Requiring Prior Disclosure and Approval**

A. Upon full disclosure, the college may approve a Conflict of Interest transaction if:

1. The transaction or arrangement is fair and reasonable to the college, is in the college's best interest and for the college's own benefit; and
2. The college cannot obtain a more advantageous transaction or arrangement with reasonable efforts under the circumstances.

B. The college will disapprove the transaction or arrangement if it is not determined to meet the tests of Section IX. A.

C. The following are examples of activities, which have the potential to create conflict of interest transactions, which should be disclosed, reviewed and approved prior to being undertaken. These examples are illustrative rather than exhaustive, addressing potential area where conflicts may arise.

Example 1: a member may not use the resources of the college whether physical facilities, equipment, human or other resources for a purpose in which the member and/or his/her immediate family has a material interest or could lead to financial gain without prior disclosure and approval.

Example 2: a member may not directly or indirectly lease, rent, trade or sell real or personal property to the college without prior disclosure and approval.

Example 3: a member may not possess a material interest in or participate in the profits of any entity that deals or seeks to deal with the college without prior disclosure or approval. Ownership of stock in a company doing business with the college, which is traded on a recognized public exchange, is not a conflict of interest transaction unless the stock held by the member constitutes a material interest.

Example 4: a member may not accept an appointment as a director, officer, or employee of a commercial, industrial, business, financial or other entity which is currently involved with a transaction or arrangement with or seeking to enter into a transaction or arrangement with the college, without prior disclosure and approval.

Example 5: a member may not require other members to purchase a product in which the member has a proprietary interest and from which the member will receive more than incidental income.

### **Process for Disclosure**

The process for conflict of interest transaction disclosure and approval is as follows:

1. Trustee: It is each trustee's responsibility to ensure that the Board of Trustees is made aware of potential and/or actual conflict of interest transaction involving the

trustee or the trustee's immediate family. Each trustee shall (a) annually be given a copy of this policy; (b) disclose potential and actual conflict of interest of the trustee and the trustee's immediate family using the form provided; and (c) acknowledge this policy at the time of his/her original election to the Board of Trustees and affirm that he/she is in accordance with the letter and spirit of this policy using the form provided.

When any interest of a trustee of the college poses a potential and/or actual conflict with the trustee's responsibilities to the college, the trustee will promptly call the material facts of the transaction and consideration of or voting on the matter that poses the potential and/or actual conflict. The trustee shall abstain from participation in consideration of the proposed transactions, except to the extent the committee, board or administration requests information or interpretation thereof. The involved trustee shall not vote, be present at or participate in discussion, or be present during the vote on the involved conflict. The official minutes of the meeting shall reflect that a disclosure was made, that the trustee abstained from any participation in the matter and the trustee was not present during the vote thereon.

- A. Each disclosure form filed will be reviewed either by the Dean of Faculty or Vice President for Finance and Administration, the President, or the executive committee of the board of trustees, (the "reviewing authority"), as appropriate.
- B. The transaction or arrangement may be approved if the reviewing authority determines that:
  1. The transaction or arrangement is fair and reasonable to the college, is in the college's best interest and for the college's own benefit; and

2. The college cannot obtain a more advantageous transaction or arrangement with reasonable efforts under the circumstances.
- C. The reviewing authority may impose such additional conditions and restrictions, including a plan detailing such elements, as are determined to be appropriate by the reviewing authority to ensure nonparticipation in the transaction or arrangement by the member or his or her immediate family and to avoid any other negative effects as are determined to be appropriate by the reviewing authority.
- D. A decision by the dean of faculty or vice president for finance and administration may be appealed to the president. The decision of the president and Executive Committee shall be final.

#### **Consequences of Violation of this Policy**

#### **IX. 6 EthicsPoint**

A basic principle of Linfield College is to ensure our finances are handled in a safe, secure and ethical manner. Linfield prides itself on making decisions and utilizing financial resources ethically, and we welcome your observations and suggestions. Honest and open communication is essential to Linfield.

An email is distributed on an annual basis to the Linfield Community as a reminder of the Linfield reporting system in place to foster communication related to financial resource matters. The system – called EthicsPoint – allows employees, students and others to report financial issues or concerns in an anonymous and confidential manner. By logging onto [www.ethicspoint.com](http://www.ethicspoint.com), employees can file a report, offer a suggestion or voice a concern. Online instructions on how to use the system are readily available. Employees may also access the website at: [EthicsPoint](http://EthicsPoint), or by calling 800-677-0129. This is a fast, easy and confidential process.

Employees may direct their questions to the Director of Human Resources.

#### **IX. 7 Consensual Sexual or Romantic Relations**

There are special risks in any sexual or romantic relationship between individuals in inherently unequal positions. In the college context, such positions include but are not limited to teacher and student, supervisor and employee, senior faculty and junior faculty, advisor and advisee, coach and athlete, and individuals supervising the day-to-day student living environment and student residents. Because of the potential for conflict of interest, exploitation, favoritism, and bias, such relationships may undermine the real or perceived integrity of the supervision and evaluation provided, and the trust inherent particularly in the teacher-student context. Moreover, these

relationships may be less consensual than the individual whose position confers power believes. The relationship is likely to be perceived in different ways by each of the parties to it, especially in retrospect.

Such relationships also have the potential to cause harm to others in the academic or work environment. Relationships in which one party is in a position to review the work or influence the career of the other may provide grounds for complaint by third parties when that relationship gives special access or advantage, restricts opportunities for others, or creates a perception of these problems. Furthermore, circumstances may change, and conduct that was previously welcome may become unwelcome. Even when both parties have consented at the outset to romantic or sexual involvement, past consent does not remove grounds for a charge based upon subsequent unwelcome conduct.

In the interest of maintaining high standards of professional conduct, and of avoiding behavior that could interfere or could easily be construed to interfere with the discharge of an employee's professional responsibilities, Linfield College prohibits sexual or romantic relationships between any college employee and a student or between any supervisor and a subordinate, even when the parties have consented to enter into such a relationship. This policy applies to an employee and a student even when no actual or apparent professional relationship exists at the time, because the potential always exists for the involved employee to be placed unexpectedly into a position of responsibility concerning the student (e.g. instruction, evaluation, and counseling, coaching, and advising).

Any college employee involved with a student or supervisor involved with a subordinate in violation of this policy will be held accountable and may be subject to discipline, up to and including dismissal.

#### **Exclusions and Clarifications**

1. Relationships between individuals married to each other or in a domestic partnership are exempt from this policy.
2. A part-time student employee of the college in a consensual relationship with another student is exempt from the above policy.
3. This policy does not apply to a supervisor and a non-student employee who is not a subordinate.
4. A Linfield student who within one year after graduation becomes employed by the college and is dating a Linfield student at the time of employment offer is not expected to end that relationship unless the job responsibilities include supervision, instruction, counseling, coaching or advising. This includes any position where the employee has authority over the student in the decision of any matter that may directly affect the academic status, evaluation, employment or promotion of a student. When such a pre-existing relationship exists, the new employee must notify his or her immediate supervisor and the Director of Human Resources at the time of his or her employment. If the pre-existing relationship ends, the employee is subject to this policy and is prohibited from entering other romantic relationships with students.

## **IX. 8 Title IX**

Title IX of the Education Amendments of 1972 prohibits discrimination based on gender in educational programs which receive federal financial assistance. Title IX can apply in areas such as athletics, student recruitment and admissions, financial aid, scholarships, course offerings and access, employment, and housing and residential services. Title IX also protects students and employees, both male and female, from unlawful sexual harassment in school programs and activities, as well as sexual assault, which are forms of unlawful discrimination under Title IX.

Linfield has established a committee, consisting of a Title IX Coordinator and Deputy Coordinators, each of whom have specific knowledge to respond to concerns in the areas described above. Inquiries related to the matters identified above can be directed to the following:

### Title IX Coordinator:

Lisa Macy-Baker, Women's Tennis/NCAA Compliance Officer

## **IX. 9 Sex Offender Protocol**

The Campus Sex Crimes Prevention Act, and related federal and Oregon laws, provide special requirements relating to registration and community notification for sex offenders who are enrolled in or work in institutions of higher education.

In general, any person required to register under a sex offender registration program must inform the Oregon State Police when that person is employed or is a student at any institution of higher education in Oregon. The State Police will notify campus security whenever it receives such information. In addition, under certain circumstances, community corrections personnel are required to provide notice regarding registered sexual offenders in the local community.

### **Statement of Sex Offender Protocol**

Linfield wants its campuses to be a safe setting in which to learn, live and work. To safeguard the well-being of its campus communities, this protocol specifies how Linfield will respond when notified that a registered sex offender is employed by or enrolled at the college. If warranted by the particular facts of any such notification, the college may modify any aspect of this protocol, which will also apply to the extent possible when the college is informed of any registered sex offender's presence on campus.

#### **A. Registered Predatory Sex Offender Protocol**

Registered predatory sex offenders are prohibited from entering upon Linfield property, using any Linfield facility, or attending any Linfield event regardless of whether the property, facility or event is open to members of the Linfield community, including family members of the Linfield community and/or the general public.

B. Registered Sex Offender Protocol

1. When a student or employee is identified as a registered sex offender, but has not been designated as a predatory offender, an appropriate college representative will consult with the Oregon State Police Sex Offender Unit and the sex offender's parole officer, if any, in order to ascertain the level of risk to the campus community posed by the student or employee and to determine if a plan to manage such risk can be developed.

2. In assessing the level of risk and in developing the college's action regarding the individual, the following factors shall be considered:

- a) The risk assessment and recommendations of the sex offender's parole officer.
- b) The interests of the campus community in maintaining a safe learning, living, and work environment versus the privacy needs of the individual.
- c) The venue of the offender's educational program or work assignment (e.g. whether the registered sex offender would have close contact with any individuals in a private setting).
- d) Other factors applicable to the individual sex offender, and the work, academic and/or living environment.

3. Subject to the development of a plan for managing risk, as a condition of continued student enrollment and/or employment, the registered sex offender will be required to enter into a Behavior Contract with the college.

4. The Dean of Faculty, the Vice President for Student Affairs, and/or Director of College Public Safety may work with other appropriate departments on campus if notification is considered necessary. Depending on the circumstances, the following may be included in the notification process: the President, the Vice President of Academic Affairs and Dean of Faculty, individual faculty members, the Director of Housing, the Director of Counseling, the Director of the Student Health Center, the Director of Student Activities, the Vice President for Finance and Administration, the Director of Admissions, persons serving as direct supervisors of the sex offender, and other faculty and staff as necessary. Information which may be disclosed includes, but is not limited to, the person's name and address; a physical description of the person; the type(s) of vehicle(s) that the person is known to drive; any conditions or restrictions placed upon the person's probation, parole, post-prison supervision or conditional release; a description of the person's type of offense; a current photograph of the person; and the name and telephone number of the person's parole and probation officer.

5. The registered sex offender's compliance with the terms of the Behavior Contract will be reviewed on a regular basis as determined by the college. At any time, the college may modify the Behavior Contract (for example, to address changes in a student's course schedule, residential life assignment, or an

employee's job assignments). Further appropriate notification(s) will be made if necessary.

6. A copy of the Behavior Contract will be forwarded to the appropriate parole officer and the Director of Linfield College Public Safety.
